### *Note of Appreciation*

*As the New Year approaches - and with it, the holiday season (for many) - we want you, our readers, to know that we appreciate your continued confidence in FUTUREtakes. It is to your continued support and interest that we owe our successful transition from an organizational newsletter to a respected international magazine and educational resource.*

*Also know that we regard FUTUREtakes as belonging to the authors, editors, and readers across the globe who make it possible. After all, it is your publication!*
