Chapter's Corner

REINVENTING THE CHAPTERS' CORNER.

by *Verónica Trovamala*

The World Future Society (WFS) has over 90 chapters all around the world. Let's enhance them!

As you know, the main activity of the WFS is the Summer Conference. This year, the Conference took place in Minneapolis, Minnesota, U.S. Nevertheless, in my opinion, we have many other events and activities within every region where the WFS is present.

Dear Futurists, my name is Verónica Trovamala. I am the Director of the WFS Mexican Chapter. In addition, I am the new **Chapter's Corner Editor** for *FUTUREtakes*. I am writing now to invite you to participate!

The Chapter's Corner is a space in *FUTUREtakes* for Chapters to publish any ideas and thoughts they want to share. We can write about the activities you have in your chapters, an activity that you would like to start (perhaps in cooperation with other chapters), or an issue that is causing concern and for which the experience of other chapters can be useful.

Please ask anyone in your chapter to share his/her ideas. This is the best space for doing it!

FUTUREtakes supports the internationalisation of the WFS, not only in terms of membership but also in terms of ideas. As you have read, people from all over the World write the articles and columns. In particular, "Chapters' Corner" seeks to enhance the activities of Chapters; use it as a way to strengthen yours.

This is a great opportunity because your ideas can be published and read by many Chapter representatives and other people worldwide.

Use this space, share your Chapter's ideas, bolster your image, and make the WFS and the interest in future studies grow!

Please send your contributions to me at chapterscorner@futuretakes.org and make the Chapter's Corner the best column in *FUTUREtakes* and the best forum for WFS Chapters.
